Hughes is his name now, but he may be hearsed on the 6th of November.

After the election next Tuesday week, Marion Butler will be seen more in Washington and less in North Carolina. 93, Mary Ann!

Are you registered for the election to be held next Tuesday week? If not, to-day is your last chance to do so. The registration books close to-day.

It is suspected that New Jersey is about to go Democratic again. United States Senator Dryden, the insurance magnate, is in danger of being beaten, despite all his boodle.

In Maine the other day Mr. J. W. Moseley married Miss Fannie It. It doesn't make any difference whether he was married in Maine or North Carolina, Miss Fannie will insist on being it.

Vote the Democratic ticket next Tuesday week and you can lay your hand on your heart and sing that soul-inspiring State song which contains the line, "May Heaven's blessing defend her!"

Some of our Northern exchanges are suggesting "remedies for lynching." The brute who gets lynched or lays himself liable to summary vengeance or punishment has the specific in his own hands. He ought to be willing to desist from heinous crimes or be prepared to take his medicine, or the antidote, whatever you want to call it.

The Japanese Ambassador at Washington has requested that the United States see that Japanese children are not excluded from the public schools of San Francisco. It will be hard to make the Japs understand that the schools in Frisco are regulated by the State of California and not by the United States. But look at that race prejudice in California!

Says the Maxton Scottish Chief: "The Republican speakers had but few hearers Satu... a majority of these were Democrats." Democrats always did have curiosity enough to want to find out what in the thunder a Republican could say in defense of a party that was always a disgrace to itself, always disgraced and humiliated North Carolina, and wouldn't fail to do it again if it had rope enough. Vote the straight Democratic ticket and your conscience won't lash you for doing anything to bring reproach on the "Good Old North State."

BARNUM AND BAILEY

...w on Earth" Here on ...nday, Nov. 12th—Advertising Crew No. 1 Working by Moonlight to Save Time.

The great Barnum and Bailey shows will be here on Monday, November 12th, coming direct from Charlotte and going to Fayetteville and Raleigh. This announcement has been encompassed by some uncertainty heretofore but there is no longer an element of doubt. Advertising Car No. 1 reached the city last night on the belated A. & Y. train and in order that no time might be lost the entire crew of twenty-two men was busy all night long spreading the various bill boards with flaming lithographs announcing the approach of the great event. Barnum and Bailey make only the large towns in any State and Wilmington accounts itself fortunate on being in the itinerary this year. The grounds selected are the old golf links just in front of the cotton seed oil mill, the narrow confines of Hilton Park proper being entirely inadequate to the great stretch of canvass carried with this show.

There will be some disappointment that there will be no street parade with the show this year, but when the magnitude of the undertaking is considered with a show the size of that carried by Barnum & Bailey, the reasons will be easily apparent.

Among this season's most notable announcements are a new military spectacle, allegorically portraying the closing days of the Russo-Japanese war in Manchuria and the triumph of "Peace," three distinct sensations, in one of which an automobile, driven by a beautiful French woman, turns a complete somersault in mid-air; a great circus company of 300 European and American artists, who present the latest achievements in riding, acrobatic and aerial daring; several troupes of remarkably trained horses; an exciting battle scene, presented by the central group of three great herds of elephants; an entirely new hippodrome, with genuine Kentucky racing stock and jockeys of international reputation, and a large augmented Zoo of rare wild beasts.

RECEIPTS OF COTTON.

Number of Bales in Excess of Corresponding Period Last Year.

Cotton receipts the past week were quite heavy under the stimulus of high prices, the number of bales having been run up to considerably more than for the corresponding week last year. According to the stock report posted yesterday at the Chamber of Commerce, the number of bales received was 25,750 while for the same week in 1905 the number was only 17,107. The receipts since September 1st, have been 127,760 bales against 126,070 during the corresponding period last season. The prices, however, show a decline now and it is expected that there will be a falling off in the receipts. The receipts yesterday were 5,454 bales against only 3,557 same day last season.

The British steamer Glenwood, 1,253 tons, Capt. Richards, joined the fleet of steamers at the compress for cotton cargo yesterday. She came from Villa Real, via Charleston.

The river steamer C. W. Lyon arrived yesterday from up the Cape Fear with a full deck load and a lighter loaded with cotton. Owing to her late arrival she was not able to return to Fayetteville on her regular schedule yesterday afternoon.

Capt. B. S. Sears Recovered.

Capt. B. S. Sears, master of the ill-fated schooner R. D. Bibber wrecked off this coast in the storm of September 21st, and who was picked up at sea on a piece of wreckage five days afterwards by the schooner Georgetta Lawrence, has sufficiently recovered as to be able to leave the Marine Hospital in this city. Everybody remembers the trying experience of Capt. Sears and the negro seaman who was rescued with him. Capt. Sears will leave on the New York steamer to-day

RETURN OF SEMINOLE

Revenue Cutter Reached Port Yesterday After Overhauling and Repairs at Baltimore.

WAS DELAYED BY THE STORM

Capt. Quinan and Same Staff of Officers in Command—Band Organized Among the Crew—The Ship Welcomed Home.

The United States Revenue Cutter Seminole, which has been at Baltimore the past four and a half months undergoing a thorough overhauling and having a new ventilator system installed on board, returned to her station at Wilmington yesterday afternoon, reaching her wharf in front of the Custom House about 1 o'clock. The cutter left Baltimore Thursday afternoon and would have reached here much earlier but for the gale which swept up the coast last Saturday and Sunday. The cutter went into Norfolk and was delayed there until Thursday afternoon when she proceeded to Wilmington.

The Seminole presents a fine appearance and is in splendid condition for her Winter cruising which will begin at once. Capt. J. H. Quinan is in command and there have been no changes in his staff of officers since the ship left here. Both Capt. Quinan and his officers have many friends in Wilmington, who are personally glad to welcome them home again. The staff is as follows: Captain J. H. Quinan, commanding; First Lieutenant Charles Satterlee, executive officer; Second Lieutenant T. G. Crapster, navigator; Third Lieutenant LeRoy Reinberg; Chief Engineer N. E. Cutcheon; First Assistant Engineer F. H. Young. The warrant officers are: Boatswain Nels Johnson; Gunner O. P. Bourne, and Chief Oiler, Fred L. Grant.

Since the cutter was here a band of 14 pieces has been organized among the Seminole's crew by Bugler Max Koch and upon the arrival of the ship yesterday a concert on board gave every evidence that some excellent musicians are included in the ranks of the organization. The sailor musicians promise to give their friends much pleasure with the band during the Winter months.

The cutter has been much missed off this station in a commercial way during her absence and she will be in position to be of valuable assistance to the shipping interests of the port in the future. Her service along the coast during the past season was perhaps the most distinguished of any ship in the service.

JUDGE IS IMPATIENT

Raleigh Lawyers Taken to Task For Delaying The Court—Farmers' Institutes Announced—Game Wardens Appointed—Notes.

(Special Star Correspondence.)
Raleigh, N. C., Oct. 26.—Judge R. B. Peebles who convened Superior Court here for a three weeks term Monday to try civil cases, has gotten very much disgusted at the way business has been dispatched. He declared today that he has not had one solid hour's work since he has been here. He re-arranged the calendar today and adjourned court until Monday when he insists that the Raleigh bar must be ready to proceed with the business of the court with more dispatch.

A series of institutes for farmers' and farmers' wives was announced at the Department of Agriculture to-day as follows: Kinston, Lenoir county, Saturday, Dec. 8; Elizabethtown, Bladen, Monday, Dec. 10; Whiteville, Columbus, Wednesday, Dec. 12; Southport, Brunswick, Friday, Dec. 14; Jacksonville, Onslow, Monday, Dec. 17; Newbern, Craven, Tuesday, Dec. 18; Bayboro, Pamlico, Wednesday, Dec. 19; Trenton, Jones, Friday, Dec. 21.

Thomas Dixon, Jr., was to-day the guest of the Woman's Club of Raleigh and delivered a lecture this forenoon before the club and invited guests on "Southern Literature" that was accorded high praise. Mr. Dixon is here for the appearance of his company playing "The One Woman" to-morrow night at the Academy of Music and also a matinee performance. For the latter special trains will be run for the accommodation of nearby towns. Practically all the seats are sold for both performances. While in Raleigh Mr. Dixon is stipping with his sister, Dr. Delia Dixon-Carroll.

EXHIBITION SHOOT

Team of World's Champions on the Wilmington Gun Club Grounds This Afternoon.

SOME OF THE EXPERTS

Under Auspices of Winchester Repeating Arms Company—Mrs. Topperwein, of Texas, a Member of the Squad.

The people of Wilmington will have an opportunity this afternoon of witnessing free of cost an exceptionally fine exhibition of shooting by a team of world's champions who are making a tour of the South under the auspices of the Winchester Repeating Arms Company. The exhibition will take place at the traps of the Wilmington Gun Club, near Delgado, beginning at 1 o'clock and in order to accommodate the large number of people who will doubtless be interested in the event, the Consolidated Company has arranged to run a schedule of a car each half hour from 1 to 5 P. M.

The team of champions which will give the exhibition have visited all the larger cities in the State and have been seen by very large crowds. The exhibition not only includes target shooting, but fancy shooting with rifle and repeating shot gun. The team includes Mr. and Mrs. Adolph Topperwein, Mr. John R. Taylor, Mr. W. R. Crosby, and Mr. J. Mowell Hawkins.

Ladies are especially invited to attend and witness the wonderful shooting of Mrs. Topperwein, who is the acknowledged champion lady, rifle shotgun shot of the world.

The exhibition of Mr. Topperwein consists of hitting marbles, pennies, pencils, or any object thrown in the air, using a rifle loaded with a solid ball. Mr. Topperwein is the greatest living fancy and flying target shot with a rifle. He is a native of San Antonia, Texas.

On eleven different occasions Mr. Topperwein has broken the world's record shooting flying targets with a rifle. November, 1903, he broke 1,500 targets without a miss, and since that time he has, in several occasions, broken a thousand without missing.

John R. Taylor, of Newark, Ohio, only started trap shooting about two years ago, but since that time he has made the experts sit up and take notice. He is good for at least 90 per cent any time, and usually does much better than this.

W. R. Crosby, of O'Fallon, Ill., who with Fred Gilbert, of Spitit Lake, Iowa, shares the distinction of being the greatest living expert with a shotgun, is a born shooter. His father was a good shot before him and from him Crosby inherited his fondness for the "scatter gun." Crosby began shooting when quite young, first using a 22 caliber rifle. He showed so much proficiency with this style of arm that his father encouraged him to take up shotgun shooting, which he did.

FUNERAL OF YOUNG MR. SMITH.

Laid to Rest Yesterday Afternoon With Honors of Rel Men.

With the honors of the Improved Order of Red Men, many of which fraternally assembled at their wigwam and attended in a boly, the funeral of the ate young Mr. A. Dade Smith was impressively conducted at 3:30 o'clock yesterday afternoon from the residence, No. 820 North Fifth street, the Rev. Fred D. Hale, D. D., officiating. The service of the Red Men was according to the beautiful ritual of the order, Past Great Sachem J. R. Davis acting as Sachem and Mr. James H. Cowan serving as Prophet. A number of very pretty floral tributes were laid upon the grave in token of the esteem in which the young man was held. The pall-bearers were all from Eyota Tribe of Red Men to which the young man belonged and with the members of which he was very popular.

Revival at Wallace.

A telephone message to The Star last night from Wallace states that the revival in the Baptist church, of which the Rev. J. A. Smith is pastor, continues with increasing interest and gratifying results. The tobacco warehouse was overflowing with people last night and the Rev. Mr. Jenkins preached a most effective sermon. There were many confession of faith and eighteen accessions to the church.

The sales of Portner's Hotbrau are increasing rapidly every day, because the public recognizes merit. 'Phone 93.

GRANTED A RESPITE

Adams and Sawyer Will Not Hang Next Thursday as Appointed.

GIVEN UNTIL DECEMBER 15th

Influences at Work in Washington to Save Necks of Men Confined in County Jail Here—Private Telegrams Received Here.

Arthur Adams and Robert Sawyer, the mutineers in jail here under sentence of death Thursday of next week, were yesterday granted a respite by the President of the United States to December, the fifteenth.

Official notice to this effect was received simultaneously in private telegrams, one from Hon. Peyton Gordon, Pardon Attorney, to Jailer Ed. Capps, and another to Rev. James Carmichael, D. D., who saw the President last week in behalf of the prisoners, the latter message coming from the Department of Justice in Washington. The condemned men, who have been a little more hopeful since Mr. Peschau left for Washington earlier in the week, received their first intimation of the good news that awaited them from Dr. Carmichael, who called at the jail between 7 and 8 o'clock and remained but a short time. Naturally the prisoners were much gratified at the notification and expressed their gratefulness to Dr. Carmichael for his intercession in their behalf and for his kindness in coming to the jail to let them know of the President's action.

The telegram to Mr. Capps was brief and to the point. It reads: "Jailer, New Hanover County Jail:—The President has granted respite to Adams and Sawyer to December 15th. Gordon, Pardon Attorney."

Opinions vary as to the motives which actuated the President in granting the reprieve to Adams and Sawyer. Legal authorities are inclined to the idea that it is a partial recognition of the point raised by Mr. Peschau as to the jurisdiction of the case while others say that more potent influences are at work in Washington and that the appeal of Dr. Carmichael and the Catholic minister from Fredericksburg, Va., combined with the efforts of the English embassy in Washington, had probably more to do with the reprieve than any point that may have been raised with the court.

An effort was made last night to get fuller particulars of the granting of the reprieve at Washington but the newspaper correspondents there, at least those who were known in Wilmington, stated that nothing could be

THE FEDERAL COURT

Fall Term For The Eastern District Will Be Convened In Wilmington on Monday—Number of Cases of Interest.

The United States District and Circuit Courts for the Eastern District of North Carolina, Judge Thos. R. Purnell, of Raleigh, presiding, will convene in this city Monday and will be in session a week or more as the circumstances and length of the docket may require.

A number of cases of interest appear for trial, several of theme from New Hanover. One is that of Capt. Lauchlin McLean, of the British steamer Osceola, charged with unlawfully detaining U. S. Marines aboard his ship with which the public is familiar. A case of mutinous conduct of the negro pilot on board the steamer A. J. Johnson, of the Black River Line, will be another case of some interest from this county. Still another is a charge against Mr. Samuel Blossom, a well known citizen of the county, charged with obstructing a rural mail route near Castle Haynes by building a fence on his property. There are several cases against the Atlantic Coast Line, charged by the Inter-State Commerce Commission with violation of the safety device statute, but it is doubtful if these cases will come up for trial at this term.

On the civil and admiralty docket there are a number of cases of interest, notably Clarence L. Parker vs. the Clarendon Water Works Co.; Capt. T. M. Thompson, of Southport, vs. the government, involving a part of the Fort Caswell reservation, and several libel proceedings.

Cars to The Gun Club.

THE GREAT REVIVAL

Dr. Hamilton, The Evangelist, Will Probably Leave Monday—Four Services on Sunday—Strong Sermon Last Night.

The Rev. W. W. Hamilton, D. D., who has been preaching twice daily at the First Baptist church for the past three weeks will in all probability leave the city Monday. Yesterday he said that he felt called to go to Henderson, Kentucky, to take up there the work which will be inaugurated to-morrow by the Rev. Mr. Wakefield, his co-laborer. Even should the evangelist leave Monday the protracted meeting would continue through a portion or all of next week, Dr. Hale, the pastor of the church, preacning.

Services to-day will be at the usual hours, 10 o'clock this morning and 7:30 to-night. Dr. Hamilton will conduct both services. Sunday four services will be conducted. At 10 A. M. a meeting will be held in the Sunday School building which will be in the nature of a prayer, praise and consecration service preparatory to the regular Sunday service at 11 o'clock. At 3:30 o'clock Dr. Hamilton will address the Sunday School, and at 7:30 o'clock he will preach again.

Last night the evangelist spoke on that familiar passage, John 3:16: "For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life."

"This is a wonderful text. It takes one into the great ocean of spiritual truths. I hesitate to speak on this passage, it is so sublime, so wonderfully vast. To my mind two of the greatest wonders are that God should love man as he does, and that man should be so slow to show his love to Him.

"God loves. Men say that God is too good to let them suffer in the next world; but He is the same God that permits us to suffer here. Friends, remember that the hand that is laid on you in sorrow and affliction is the hand of love. The chastisements of God are for your good. God loves you.

"The text tells us that God gives. 'For by grace are ye saved through faith; and that not of yourselves: it is the gift of God.' He gave his Son. He gives salvation, and the power to conquer over sin and to live the life triumphant. God also saves. That whosoever in the text means you and it means me. God help us to-night to realize that He saves those who believe and follow after Him. He gives eternal life to those who put their trust in Him. Do this and he will make you a co-heir to the riches of Heaven.

"And then God keeps. 'He that heareth my word, and believeth on him that sent me, hath everlasting life.' Oh, I thank God for that promise! Will you, too, thank Him for it?"

Mr. Samuel P. Swain Dead.

Mr. Samuel P. Swain, a leading citizen of Southport and Brunswick county, died rather suddenly at his home in Southport Sunday morning about 9:30 o'clock. Mr. Swain had been in poor health some time, but his most intimate friends did not know that the end was so near, consequently the announcement of his death came as a great shock to many. He had held various offices of trust in the county, at different times having been State Senator, Representative, Sheriff and Clerk of the Superior Court. Mr. Swain was 68 years of age and leaves to mourn their loss two sisters, Mrs. M. A. Rutland and Mrs. Maggie Wescott, both of Southport. The funeral of Mr. Swain was conducted Monday afternoon at 4 o'clock from Trinity Methodist church.

In the Mayor's Court.

Only three cases appeared on the police court docket yesterday. Joe Gilyarde, arrested by Officer C. G. Jones for vagrancy, had only recently arrived to work for one of the contractors in the city and was told to go and get busy. Lewis Smith, arrested by the same officer for a similar offense, could give no plausible excuse for his idleness and was sent to the roads for 30 days. Hattie Hunter, a chocolate bon-bon arrested at Fourth and Nixon for disorderly conduct by Officers Leon George, was fined $5 and costs.

The Consolidated Schedule.

A number of changes in the suburban schedule of the Consolidated Company go into effect to-morrow. The car which formerly left the city at 8:45 A. M. will leave hereafter at 8:30 A. M. and the leaving time from Wrightsville Sound has been changed from 8:15 to 8 A. M. and from 9:15 to 9 A. M. In the afternoon the cars will leave at 2:25, 4:25 and 5:55, instead of the even hour and half hour as formerly. The schedule corrected will appear in to-morrow's paper.

MAKING COTTON FOR THE WORLD.

A cablegram from Manchester, Eng., to the New York Journal of Commerce tells us that the commission representing the English cotton manufacturers, will soon pay another visit to this country to look into the cotton producing situation, with the special view of giving further consideration to purchasing lands in the South to raise cotton for themselves. Besides the commission a larger number of manufacturers will come.

The New Orleans Picayune recalls the fact that some months ago a number of leading cotton manufacturers of Lancashire, England, got together and appointed that private commission to visit the United States and make observations on the area where cotton is grown and to take notes upon the methods and processes of marketing the staple.

The commission visited this country and went as far as New Orleans, the fact having been recorded in the papers at the time. The members of the commission, having duly returned home, made a report of their mission, and with it offered a number of recommendations.

The members of the commission say that the Americans hope to form a gigantic trust to control the cotton produce market through the control of the production of cotton. They declare the people of England do not realize to what an extent the Americans are attracted by the trust principle. They point out that, "the antidote to a trust that is squeezing the life out of an American industry seems to the Americans to be in the formation of a stronger trust. So the trust-ridden planters appear to aim at the removal of the evil by the addition of another."

The members of the commission say that they were often pressed to throw in their lot with the planters and become cotton growers themselves, thus imitating the example of some planters who are investing money in cotton mills and declaring their intention to build sufficient mills to use all the cotton grown, if an ungrateful world should hesitate to pay for it at the rate of 11 to 15 cents a pound. The commission suggests that the English spinners become interested in the production of cotton, which they say cannot be regarded as hazardous, provided a competent manager and suitable land at a reasonable price, with sufficient labor, can be obtained.

They recommend that a committe be appointed immediately to consider the advisability of buying land. It is stated that another commission is to be sent out to the American cotton fields, which commission is to be invested with greater powers and will witness the methods of cotton picking, which the members of the former commission did not see.

The Picayune says:

"In view of the impracticability of securing a sufficient supply of cotton from any of the British colonies, it is more than likely that Englishmen will purchase large bodies of land in the Southern States and raise their own cotton. There is land enough in these States for the production of twenty million bales, while intensive cultivation will double the amount. Let the Britishers come. We will still make cotton for the whole world, no matter how much is consumed."

This may be a good plan for us to get a good lot of English immigrants. If the Britishers buy lands and go to farming they will have to bring over a lot of labor. They will be pretty apt to bring good people and we will get two advantages—we will sell land and secure a desirable addition to our population.

REPUBLICAN STATE'S EVIDENCE.

The Whiteville (N. C.) News-Reporter makes this observation:

"The Republicans are claiming and trying to convince the public that their party, in North Carolina and the South generally, is composed of as intelligent and capable men as are found anywhere. Would it not be better for them to first convince the National Republican administration of this fact?"

How are they to convince the administration? Haven't the North Carolina Republicans all turned State's evidence against each other to the administration? Upon the evidence, Secretary Taft came to North Carolina and substantiated the witnesses. The Star is afraid the case of the North Republicans would be thrown out of court.

The Duplin (N. C.) Journal gives the proper advice when it says:

"Republicans should take the advice of the Tar Heel, the weekly Republican paper, published at Greensboro, the headquarters of Radicalism in North Carolina, and vote against "bossism. Butlerism, graft and ring tricksters, ringsters and wire-pullers, Butler-Pettigrew bond collection scheme." When the Weekly Tar Heel gives such advice it's time to stop and consider where we are at."

CURRENT COMMENT.

—The Nashville American is advocating a general celebration of the centennial of the birth of Gen. Robert E. Lee on Jan. 19, 1907. The plan has our indorsement.—Savannah News.

—The newspapers opposing his candidacy for Governor insist that his journalism is not the only yellow that they do not admire in Mr. Hearst. They do not like his employment of cheap Chinese labor on his California ranch.—Savannah News.

—When American girls buy dukes and other things it might be a good idea to pay the cash down with the understanding that all payments end there. With the money part of the transaction left open there is generally trouble, and the installment plan is not a success.—Philadelphia Press.

—Ex-Senator Burton evidently is not to be cut off from all the comforts of home while he is in jail. Mrs. Burton's faithfulness to her husband in his disgrace, however, should entitle her to a higher compliment than that shown in his preference for her cooking over that furnished in prison. Savannah News.

—Isn't it about time to take a good, long look at these juntas which are operating on our soil to the injury and distress of governments and peoples we pretend to regard with affectionate concern? We are anxious to make friends of the Spanish-American republics in the Western Hemisphere—of course, with the laudable and frugal idea of eventually capturing their trade—and it does seem to us a very important detail of this propaganda to avoid the appearance of meddling in their politiacl affairs.—Washington Post (Ind.)

—It was a happy thought of Gov. Pennypacker to get the people to visit Harrisburg and look at the Capitol. He hoped that the spectacle would affect others as it affected Candidate Murphy, who said it was a grand building and he didn't care what it cost. The Governor trusted that the awe inspired by the building would make the voters indifferent to the scandals and lawlessness involved in its equipment. But only 3,000 people visited Harrisburg on Saturday; not all of them were voters, and probably few of them were hypnotized by two million dollars' worth of chandeliers.—Philadelphia Record.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Federal Court Decides Against Express Company in West Virginia.

Clarksburg, W. Va., Oct. 24.—Judge Goff, this morning in Federal Court, rendered a very important decision in the case of Carl Schiff, representing the Crescent Liquor Company vs. The United States Express Company. Recently the company refused to accept, transport, or deliver any packages containing any kind of spirituous liquors. The Crescent Company instituted suit in the Federal Court asking that the express company be compelled to handle their goods.

The decision was to the effect that the express company must accept transport and deliver any packages or boxes containing spirituous liquors, whether prepaid or sent C. O. D.

SPIRITS TURPENTINE

—On Thursday morning a wild cat weighing thirty-five pounds, was killed by a negro near Wilson. It was the largest ever seen in Wilson county. Before the tabby was dispatched it killed a dog.

—Greensboro special, Oct. 25: Major Charles M. Stedman has accepted the proffered honor of delivering the alumni address at the meeting of the North Carolina State University Alumni Association at Chapel Hill next June.

—Kenansville Eastern Carolina News: Governor Chas. B. Aycock will speak at Goldsboro on the night of November the 5th. A great Democratic meeting it will be and thousands will hang once more upon the words of North Carolina's great statesman.

—Louisburg special, Oct. 25: Mrs. W. H. Waddell committed suicide this afternoon by cutting her throat with a butcher knife. Temporary insanity, due to protracted melancholia, is assigned as the cause. She leaves a devoted husband and three children for whom such sympathy is felt by the community.

—Goldsboro special. Oct. 25: John Aldridge, a well known negro, brought a load of wood to town and stopped at Carr's store in East Goldsboro. While he was in the act of getting off the cart his mule reared up and ran away, throwing him out. The cart struck Aldridge on the chest, inflicting internal injuries from which death resulted.

—Newport, R. I., special, Oct. 25: While the second torpedo boat flotilla was in Newport waters recently its record for torpedo target practice is reported to have excelled any previous marksmanship by a torpedo boat flotilla of the navy. The destroyers Hopkins, Lawrence, MacDonough, Truxton, Whipple and Worden, under the command of Lieutenant Commander Edwin A. Anderson, formerly of North Carolina, fired ten torpedoes.

—Kenansville Eastern Carolina News: The News takes the following from an Indian Territory paper that Mr. Wade Hampton Kornegay, of Vinita, I. T., is a Democratic candidate for delegate to the constiutional convention of Oklahoma. His opponent is Mr. W. S. Wooten, from Lenoir county, and both are able debaters. Mr. Kornegay is remembered here by a host of friends. He is a brilliant and aggressive man and never gives up the fight.

—The Merchants' Association at Greensboro is looking into the matter of alleged overcharges on express packages. It is claimed that more than the stipulated rate is often charged. The association has joined hands with others and made for distribution to its members copies of the rates to and from Greensboro. Express rates to and from 26 large cities are given enabling the merchant to tell for himself what the express rate on a given package is.

—Kenansville Eastern Carolina News: The Radicals who are often found talking about Democrats being extravagant should be made to ride over Duplin county and see the many long causeways and bridges that have been built by the present faithful board of County Commissioners. Duplin county has never had a better board than the one now serving and they have given a great deal of time to public improvements. Where are the causeways and bridges that were built by Radicals?

—Mr. E. B. Cozart, of Stem, Granville country, had a fine exhibit of hogs at the State Fair. They were principally Poland Chinas, and are magnificent specimens. One big fellow weighed 925 pounds, at the age of sixteen months. Mr. Cozart does does not content himself with huge hogs. He had on exhibition also a negro man who tips the beam at 654 pounds. He was to be seen in a tent just beside the main entrance to the grounds. This negro was grown in Granville county as well as the hogs.

—Wilson special, Oct. 25: The negro John Wilson, arrested here and sent to Tarboro for identification, supposed to be the one whom Miss Kidd, of Danville, shot when discovered in her room, while she was on a visit to friends in Tarboro, will be returned to Wilson if he is not the right party. The Wilson authorities believe the negro is an escaped convict, whether the one wanted in Tarboro or not, and expects to secure whatever reward is offered for him. If the assailant of Miss Kidd there is some $300 reward offered for his apprehension.

—Concord Times: Mr. Hackett in his speech here Thursday night said he had letters from eight Baptist ministers, five ex-represenstatives in the Legislature, two ex-senators and five ex-sheriffs, saying they will vote for him this year. All of these were Republican officeholders, but their action is due to the fact that they know both Hackett and Blackburn so well. What stronger evidence could be shown that the people are tired of Blackburn, and that they recognize in Mr. Hackett a man of character and ability and one who will make a representative in Congress who will do honor to the people who send him?

—Sampson Democrat: Have you yet consulted your tax receipts for the years 1901 and 1902 to see whether or not one-fifth of the entire amount of tax you paid, State and county, was collected as a jail tax? The whole tax of the county then was about $35,000. So, according to the work of the Sampson county financiers, about $7,000 was collected a year as a jail tax, while the cost of the jail was $6,900—contract price—amounting, they say, to about $11,000, when the bonds were taken up. And yet the Republican financiers have the cheek to talk about Democrats taking things from the people.

—Duplin Journal: At the advanced age of 80 years Mr. Jno. O. P. Clifton died last week at his home in Piney Grove township, near Gliddensville, of heart disease. He had been a sufferer for some time and his death was not unexpected. He was a prominent farmer, a consistent member of the Concord Church for many years and a good Christian man. He leaves a widowed wife, 3 sons, Messrs. Henry L., George and A. M. Clifton, and one daughter, Mrs. Claud Best, and one brother, Mr. M. W. Clifton, all of Sampson county, to mourn their loss, besides a host of relatives and friends who were drawn to him by his many virtues and gentle disposition.

—Duplin Journal: Work at the Academy is progressing nicely. We feel no hestitancy in saying that there is not a better managed preparatory school in Eastern North Carolina. The faculty of this institution is well fitted to prepare a boy or girl for any college or university of the South. We venture to say that our course in English, given by Miss Mary Faison DeVane, is unexecelled by that given in any preparatory school in North Carolina. It is needless to mention our primary department, which has been so efficiently taught for the past five years by Miss Winifred Faison. In her the little children have a teacher in the truest sense of the word. The principal, we believe to be a true gentleman, a man of spotless character, who has the sincere interest of his pupils at heart. The faculty believes in thoroughness.

—Whiteville News-Reporter: It is hard for one to keep up with the commercial strides that Columbus county is making. The county now has five banks, to wit, three at Whiteville, one at Chadbourn and one at Fair Bluff. Now the sixth has been launched, this one is the Bank of Tabor, located at our hustling young town of that name. The charter was granted by the Secretary of State on Monday last. The organizers, named in the charter, are C. C. Pridgen and J. W. Floyd, of Tabor, and Matt J. Heyer, of Wilmington. Mr. C. C. Pridgen is the popular ex-county Treasurer. On the same day a charter was granted to the Bank of Bladen to be located at Clarkton, with G. H. Currie, O. L. Clark and others incorporators. This bank might almost be called a Columbus institution as it will draw a large support from this county.

MAKING COTTON FOR THE WORLD.

A cablegram from Manchester, Eng., to the New York Journal of Commerce tells us that the commission representing the English cotton manufacturers, will soon pay another visit to this country to look into the cotton producing situation, with the special view of giving further consideration to purchasing lands in the South to raise cotton for themselves. Besides the commission a larger number of manufacturers will come.

The New Orleans Picayune recalls the fact that some months ago a number of leading cotton manufacturers of Lancashire, England, got together and appointed that private commission to visit the United States and make observations on the area where cotton is grown and to take notes upon the methods and processes of marketing the staple.

The commission visited this country and went as far as New Orleans, the fact having been recorded in the papers at the time. The members of the commission, having duly returned home, made a report of their mission, and with it offered a number of recommendations.

The members of the commission say that the Americans hope to form a gigantic trust to control the cotton produce market through the control of the production of cotton. They declare the people of England do not realize to what an extent the Americans are attracted by the trust principle. They point out that, "the antidote to a trust that is squeezing the life out of an American industry seems to the Americans to be in the formation of a stronger trust. So the trust-ridden planters appear to aim at the removal of the evil by the addition of another."

The members of the commission say that they were often pressed to throw in their lot with the planters and become cotton growers themselves, thus imitating the example of some planters who are investing money in cotton mills and declaring their intention to build sufficient mills to use all the cotton grown, if an ungrateful world should hesitate to pay for it at the rate of 11 to 15 cents a pound. The commission suggests that the English spinners become interested in the production of cotton, which they say cannot be regarded as hazardous, provided a competent manager and suitable land at a reasonable price, with sufficient labor, can be obtained.

They recommend that a committe be appointed immediately to consider the advisability of buying land. It is stated that another commission is to be sent out to the American cotton fields, which commission is to be invested with greater powers and will witness the methods of cotton picking, which the members of the former commission did not see.

The Picayune says:

"In view of the impracticability of securing a sufficient supply of cotton from any of the British colonies, it is more than likely that Englishmen will purchase large bodies of land in the Southern States and raise their own cotton. There is land enough in these States for the production of twenty million bales, while intensive cultivation will double the amount. Let the Britishers come. We will still make cotton for the whole world, no matter how much is consumed."

This may be a good plan for us to get a good lot of English immigrants. If the Britishers buy lands and go to farming they will have to bring over a lot of labor. They will be pretty apt to bring good people and we will get two advantages—we will sell land and secure a desirable addition to our population.

REPUBLICAN STATE'S EVIDENCE.

The Whiteville (N. C.) News-Reporter makes this observation:

"The Republicans are claiming and trying to convince the public that their party, in North Carolina and the South generally, is composed of as intelligent and capable men as are found anywhere. Would it not be better for them to first convince the National Republican administration of this fact?"

How are they to convince the administration? Haven't the North Carolina Republicans all turned State's evidence against each other to the administration? Upon the evidence, Secretary Taft came to North Carolina and substantiated the witnesses. The Star is afraid the case of the North Republicans would be thrown out of court.

The Duplin (N. C.) Journal gives the proper advice when it says:

"Republicans should take the advice of the Tar Heel, the weekly Republican paper, published at Greensboro, the headquarters of Radicalism in North Carolina, and vote against "bossism. Butlerism, graft and ring tricksters, ringsters and wire-pullers, Butler-Pettigrew bond collection scheme." When the Weekly Tar Heel gives such advice it's time to stop and consider where we are at."

CURRENT COMMENT.

—The Nashville American is advocating a general celebration of the centennial of the birth of Gen. Robert E. Lee on Jan. 19, 1907. The plan has our indorsement.—Savannah News.

—The newspapers opposing his candidacy for Governor insist that his journalism is not the only yellow that they do not admire in Mr. Hearst. They do not like his employment of cheap Chinese labor on his California ranch.—Savannah News.

—When American girls buy dukes and other things it might be a good idea to pay the cash down with the understanding that all payments end there. With the money part of the transaction left open there is generally trouble, and the installment plan is not a success.—Philadelphia Press.

—Ex-Senator Burton evidently is not to be cut off from all the comforts of home while he is in jail. Mrs. Burton's faithfulness to her husband in his disgrace, however, should entitle her to a higher compliment than that shown in his preference for her cooking over that furnished in prison. Savannah News.

—Isn't it about time to take a good, long look at these juntas which are operating on our soil to the injury and distress of governments and peoples we pretend to regard with affectionate concern? We are anxious to make friends of the Spanish-American republics in the Western Hemisphere—of course, with the laudable and frugal idea of eventually capturing their trade—and it does seem to us a very important detail of this propaganda to avoid the appearance of meddling in their politiacl affairs.—Washington Post (Ind.)

—It was a happy thought of Gov. Pennypacker to get the people to visit Harrisburg and look at the Capitol. He hoped that the spectacle would affect others as it affected Candidate Murphy, who said it was a grand building and he didn't care what it cost. The Governor trusted that the awe inspired by the building would make the voters indifferent to the scandals and lawlessness involved in its equipment. But only 3,000 people visited Harrisburg on Saturday; not all of them were voters, and probably few of them were hypnotized by two million dollars' worth of chandeliers.—Philadelphia Record.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. MUST TRANSPORT LIQUOR.

Federal Court Decides Against Express Company in West Virginia.

Clarksburg, W. Va., Oct. 24.—Judge Goff, this morning in Federal Court, rendered a very important decision in the case of Carl Schiff, representing the Crescent Liquor Company vs. The United States Express Company. Recently the company refused to accept, transport, or deliver any packages containing any kind of spirituous liquors. The Crescent Company instituted suit in the Federal Court asking that the express company be compelled to handle their goods.

The decision was to the effect that the express company must accept transport and deliver any packages or boxes containing spirituous liquors, whether prepaid or sent C. O. D.

SPIRITS TURPENTINE

—On Thursday morning a wild cat weighing thirty-five pounds, was killed by a negro near Wilson. It was the largest ever seen in Wilson county. Before the tabby was dispatched it killed a dog.

—Greensboro special, Oct. 25: Major Charles M. Stedman has accepted the proffered honor of delivering the alumni address at the meeting of the North Carolina State University Alumni Association at Chapel Hill next June.

—Kenansville Eastern Carolina News: Governor Chas. B. Aycock will speak at Goldsboro on the night of November the 5th. A great Democratic meeting it will be and thousands will hang once more upon the words of North Carolina's great statesman.

—Louisburg special, Oct. 25: Mrs. W. H. Waddell committed suicide this afternoon by cutting her throat with a butcher knife. Temporary insanity, due to protracted melancholia, is assigned as the cause. She leaves a devoted husband and three children for whom such sympathy is felt by the community.

—Goldsboro special. Oct. 25: John Aldridge, a well known negro, brought a load of wood to town and stopped at Carr's store in East Goldsboro. While he was in the act of getting off the cart his mule reared up and ran away, throwing him out. The cart struck Aldridge on the chest, inflicting internal injuries from which death resulted.

—Newport, R. I., special, Oct. 25: While the second torpedo boat flotilla was in Newport waters recently its record for torpedo target practice is reported to have excelled any previous marksmanship by a torpedo boat flotilla of the navy. The destroyers Hopkins, Lawrence, MacDonough, Truxton, Whipple and Worden, under the command of Lieutenant Commander Edwin A. Anderson, formerly of North Carolina, fired ten torpedoes.

—Kenansville Eastern Carolina News: The News takes the following from an Indian Territory paper that Mr. Wade Hampton Kornegay, of Vinita, I. T., is a Democratic candidate for delegate to the constiutional convention of Oklahoma. His opponent is Mr. W. S. Wooten, from Lenoir county, and both are able debaters. Mr. Kornegay is remembered here by a host of friends. He is a brilliant and aggressive man and never gives up the fight.

—The Merchants' Association at Greensboro is looking into the matter of alleged overcharges on express packages. It is claimed that more than the stipulated rate is often charged. The association has joined hands with others and made for distribution to its members copies of the rates to and from Greensboro. Express rates to and from 26 large cities are given enabling the merchant to tell for himself what the express rate on a given package is.

—Kenansville Eastern Carolina News: The Radicals who are often found talking about Democrats being extravagant should be made to ride over Duplin county and see the many long causeways and bridges that have been built by the present faithful board of County Commissioners. Duplin county has never had a better board than the one now serving and they have given a great deal of time to public improvements. Where are the causeways and bridges that were built by Radicals?

—Mr. E. B. Cozart, of Stem, Granville country, had a fine exhibit of hogs at the State Fair. They were principally Poland Chinas, and are magnificent specimens. One big fellow weighed 925 pounds, at the age of sixteen months. Mr. Cozart does does not content himself with huge hogs. He had on exhibition also a negro man who tips the beam at 654 pounds. He was to be seen in a tent just beside the main entrance to the grounds. This negro was grown in Granville county as well as the hogs.

—Wilson special, Oct. 25: The negro John Wilson, arrested here and sent to Tarboro for identification, supposed to be the one whom Miss Kidd, of Danville, shot when discovered in her room, while she was on a visit to friends in Tarboro, will be returned to Wilson if he is not the right party. The Wilson authorities believe the negro is an escaped convict, whether the one wanted in Tarboro or not, and expects to secure whatever reward is offered for him. If the assailant of Miss Kidd there is some $300 reward offered for his apprehension.

—Concord Times: Mr. Hackett in his speech here Thursday night said he had letters from eight Baptist ministers, five ex-represenstatives in the Legislature, two ex-senators and five ex-sheriffs, saying they will vote for him this year. All of these were Republican officeholders, but their action is due to the fact that they know both Hackett and Blackburn so well. What stronger evidence could be shown that the people are tired of Blackburn, and that they recognize in Mr. Hackett a man of character and ability and one who will make a representative in Congress who will do honor to the people who send him?

—Sampson Democrat: Have you yet consulted your tax receipts for the years 1901 and 1902 to see whether or not one-fifth of the entire amount of tax you paid, State and county, was collected as a jail tax? The whole tax of the county then was about $35,000. So, according to the work of the Sampson county financiers, about $7,000 was collected a year as a jail tax, while the cost of the jail was $6,900—contract price—amounting, they say, to about $11,000, when the bonds were taken up. And yet the Republican financiers have the cheek to talk about Democrats hiding things from the people.

—Duplin Journal: At the advanced age of 80 years Mr. Jno. O. P. Clifton died last week at his home in Piney Grove township, near Giddensville, of heart disease. He had been a sufferer for some time and his death was not unexpected. He was a prominent farmer, a consistent member of the Concord Church for many years and a good Christian man. He leaves a widowed wife, 3 sons, Messrs. Henry L., George and A. M. Clifton, and one daughter, Mrs. Claud Best, and one brother, Mr. M. W. Clifton, all of Sampson county, to mourn their loss, besides a host of relatives and friends who were drawn to him by his many virtues and gentle disposition.

—Duplin Journal: Work at the Academy is progressing nicely. We feel no hestitancy in saying that there is not a better managed preparatory school in Eastern North Carolina. The faculty of this institution is well fitted to prepare a boy or girl for any college or university of the South. We venture to say that our course in English, given by Miss Mary Faison DeVane, is unexecelled by that given in any preparatory school in North Carolina. It is needless to mention our primary department, which has been so efficiently taught for the past five years by Miss Winifred Faison. In her the little children have a teacher in the truest sense of the word. The principal, we believe to be a true gentleman, a man of spotless character, who has the sincere interest of his pupils at heart. The faculty believes in thoroughness.

—Whiteville News-Reporter: It is hard for one to keep up with the commercial strides that Columbus county is making. The county now has five banks, to wit, three at Whiteville, one at Chadbourn and one at Fair Bluff. Now the sixth has been launched, this one is the Bank of Tabor, located at our hustling young town of that name. The charter was granted by the Secretary of State on Monday last. The organizers, named in the charter, are C. C. Pridgen and J. W. Floyd, of Tabor, and Matt J. Heyer, of Wilmington. Mr. C. C. Pridgen is the popular ex-county Treasurer. On the same day a charter was granted to the Bank of Bladen to be located at Clarkton, with G. H. Currie, O. L. Clark and others incorporators. This bank might almost be called a Columbus institution as it will draw a large support from this county.

SETTLED A LARGE ESTATE.

Stedman & Cooke Wind up Large Affair in England.

The Greensboro correspondent of yesterday's Raleigh News and Observer has the following item of news which will be read with interest by the friends of Maj. Chas. M. Stedman in this city:

"Messrs. Stedman and Cooke, attorneys, have received from Scotland the agreement in the case against the estate of the late J. B. Fisher, in which all matters of controversy concerning the estate which for so long have been in litigation in England and Scotland, have been finally settled saving to the estate something like $25,000 and interest on the same for a number of years. The will of the late Captain Fisher provided that Lillian Brenda Fisher (now Browning), was to have all the property in Great Britain. Subsequently upon her marriage he made a marriage settlement, agreeing to pay to trustees for her annuity and $25,000, together with interest. His daughter, Lillian, sought through her counsel to hold the property in Great Britain under the will to enforce the marriage settlement against the estate in America. Major Stedman went to Scotland and England last Summer and succeeded in bringing about a settlement of all differences and bringing to an end the long drawn out litigation, the daughter in England agreeing to relinquish her claim under the agreement."

SOUTHPORT STEAMBOAT CO.

Mary Not Up to Standard and Atlantic Purchased.

The Southport Herald of this week has the following in regard to the new steamer which the Brunswick Transportation Company will put on the new line between Wilmington and Southport:

"It was at first thought that the Str. Mary of Boston would be purchased by the new steamboat company known as the Brunswick Transportation Co. but on her trial trip she did not come up to all necessary requirements so the idea of buying her was abandoned and a steamer by the name of the "Atlantic" of New York has been purchased and will probably leave for Southport by Nov. 1st.

"The Atlantic is a trim boat and is thought by the officers of the new company to be suited in every way for the run between here and Wilmington. Her dimensions are approximately as follows: 98 feet in length, 27 feet breadth, and 8 feet depth, tonnage 157; and 200 horse power. She will be brought down from New York by Capts. M. T. Craig and T. M. Morse and Mr. Jas. Pearce of this place who have been north for some weeks in quest of a suitable boat for the run."

CLOSE ENGAGEMENT TO-DAY.

Mr. Robert Mansfield and Company at The Academy—Matinee.

Mr. Robert Mansfield and company of clever entertainers will say farewell to Wilmington threatre-goers with two performances, matinee and night today. For the matinee the offering will be "The College Boy," a delightful little comedy that will appeal especially to the ladies and children. Tonight the company will present "A Den of Crooks," said to be one of the best bills in the company's repertoire.

At the matinee performance a feature will be a prize presentation of a set of dishes and a doll to the patron chosen in a popular contest. At the night production a gold watch will be given away to some patron of the house during the week. Details of the contest are told from the stage.

Last night a large audience witnessed the play and the line of very clever specialties. The company has given fine satisfaction at popular prices and will be welcomed upon their return. Next week the company plays in Raleigh.

LOCAL DOTS.

—The Red Springs Citizen of this week contains an account of Visitors' Day at the North Carolina Military Academy in that town last Monday. In the military drill which was a feature of the exercises, Melzar Pearsall, of Wilmington, carried off the honors.

—Archie Blue, a seaman, and Benj Jennings, a cabin boy, both colored, charged with desertion from the United States Revenue Cutter Seminole and arrested here a few days ago by Officer W. G. Brinkley, were returned to the ship upon her arrival yesterday. The officers received a reward of $15 each for the capture of the men.

—There will be services at the Primitive Baptist church, on Castle street, Sunday evening at 7:30 o'clock. The services will be by a visiting elder and the public is cordially invited to hear him.

—The Southport Herald of yesterday says: "The outfit of the Merrit Chapman Wrecking Co. succeeded in raising the fishing steamer Atlantic yesterday though she took up on bottom when they started with her to Wilmington to be put on the railway. She will have to be raised higher before moving her further."

—The Hallowe'en Party which the ladies have been arranging to give at the Y. M. C. A. next Tuesday night has been postponed until next Friday night. The arrangements could not be completed in time for the affair on Tuesday night.

NEW AUTOMOBILE FIRM.

Messrs. L. M. Noble and R. W. Montgomery in Business.

Mr. Robert W. Montgomery, a clever and popular young Wilmingtonian who lately resigned as assistant cashier of the People's Savings Bank to engage in business for himself, has purchased the interest of Mr. Fred E. Herbst in the Automobile Touring and Amusement Company and with Mr. L. M. Noble will conduct a general automobile and supply depot in the future, carrying the agency for a number of standard machines and keeping on hand at all times a full line of all kinds of supplies. Just at present they are looking for a suitable location for the business and will begin business in about fifteen days.

The name of the firm will be changed from the Automobile Touring and Amusement Company to some other that the enterprising young proprietors will select from a number to be submitted in a popular contest. Elsewhere in to-day's paper they advertise a cash prize of $2.50 for the most suitable name presented and accepted within the next ten or fifteen days. The names should be addressed to Box 44 and all will receive careful consideration when the time arrives for a selection.

—Miss Annie Kain, of Richmond, Va., is here visiting the family of Mr. and Mrs. E. P. Owen, No. 310 North Ninth street.

—Friends of Mr. W. R. Morrison will regret to know that he is confined to his home with a severe attack of rheumatism.

—Mrs. W. S. Bernard returned last night from Fayetteville, where she was the guest of friends for a few days during the Cumberland Fair.

—L. V. Grady, Esq., has returned from Clinton where he has been attending Sampson Superior Court as attorney in an important land suit.

—Mrs. Samuel J. Springer left last evening for Philadelphia where she will spend some time in voice culture with one of the famous music masters of that city. She expects to be away several weeks.

—Mr. J. W. Norwood, of Greenville, S. C., president of the Wilmington Savings and Trust Company, is in the city He is accompanied by his bride and they are returning from their wedding tour North, including a visit to Canada. While in the city they are guests at the home of Mr. and Mrs. Chas. E. Taylor.

—Col. J. T. Anthony, of Charlotte, who remained over from the Red Men exercises to attend the exhibition shoot at the Wilmington Gun Club grounds this afternoon, was the guest of Mr. H. McL. Green at the "Hammocks" yesterday. Col. Anthony proved himself quite as adept with the rod as he is with the gun at the traps or afield.

—Madame Dearthe, who has been making an expert demonstration of the LaGrecque corset at the store of Messrs. Platt & Haar the past two weeks, will leave to-day for Savannah, Ga., to conduct a similar demonstration for one of the large dry goods houses in that city. While in Wilmington Madame Dearthe made many friends socially by her attractive personality as well as a large number in a business way and her return to the city next season will be awaited with pleasure.

KEEP THE KIDNEYS WELL.

Health is Worth Saving, and Some Wilmington People Know How to Save It.

Many Wilmington people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is the statement of a Wilmington citizen who has reclaimed good health by the use of this remedy:

J. E. Bloodworth, residing at 30 South Front street, and employed at 123 Princess street, says: "I used Doan's Kidney Pills and they have proven to be a very valuable remedy and I believe I am safe in recommending them. My back and kidneys have given me great trouble. I thought I had rheumatism. I had shooting pains through my back and sides which often made me yell right out. If I stood, sat or lay down or kept in one position for any length of time it was almost impossible for me to move on account of the great pain. I heard some one speak of Doan's Kidney Pills and I sent down to Bellamy's drug store and got a box. They completely removed the pains. They are without doubt a valuable remedy for backache."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

GRANTED A RESPITE

Continued from Page One.

learned there. Mr. Peschau telegraphed Mr. Iredell Meares of the respite and made an engagement to talk with him over the long distance telephone, but the wires were in trouble and the interview could not be had. From the tenor of Mr. Peschau's telegram, however, he is very hopeful and will appear before the Supreme Court of the United States on Monday. In the meantime the case is being watched with much interest.

Wreck on Raleigh and Southport.

The Fayetteville Observer of yesterday afternoon has the following interesting account of a bad wreck on the Raleigh & Southport Railroad:

"The mixed passenger and freight train which left here for Raleigh at 2:45 yesterday afternoon was wrecked on the Carver's Falls trestle, and also wrecked that structure to such an extent that trains are unable to cross it yet. The train consisted of two passenger cars and four freight cars. The freight car next to the engine, jumped the track just as it struck the bridge, broke away from the rest of the train, and was dragged across the trestle by the engine, completely wrecking the whole track structure of the bridge. It was remarkable that it did not tumble off the bridge, which is 40 feet high and carry the engine with it. The engine did not leave the track, and when it was stopped it left the derailed car lying across the bridge about midway, with the rest of the train just this side of the bridge."

"Wilson Heaters"

(Only Highest Grade Materials Used.

The Wilson Heater will produce more heat from a unit of fuel, and keep your home at a more even temperature, with little or no trouble, and fewer ashes than any other heater made.

There is no Noxious Gas, Offensive Smoke or Cold Floor Draft where the Wilson Coal Heater is used.

Holds fire 36 hours or longer. The combustation is perfect—the heat does not go up the chimney. Burns every particle of the coal; does not make clinkers and leaves very little ash. Other stoves look much like the Wilson, but—that's all. None of them work like the Wilson and none are so good.

WIRELETS

At Gainsville, Fla., yesterday 850 bales of sea island cotton were sold mostly to representatives of foreign spinners at an average of twenty-five cents a pound.

Jacob C. Stoudt, supervisor of interockers of the Big Four Railroad, was instantly killed, and M. F. Potter, superintendent of bridges, was fatally hurt yesterday just north of Milford, Ohio, on the Deleware division. The men were on a motor car engaged in the inspection of bridges when they were struck by a special train. Both men reside in Springfield, Ohio.

Newton Tolletson 56 years of age and for 22 years in the employ of the Southern Railway, was killed at Spartanburg, S. C., yesterday by plunging in front of a fast passenger train to save the lives of an aged man and woman who were crossing the track in a buggy and in which he was successful. Tollotson's act was cheered by a crowd of eye-witnesses, unaware for the moment that his heroism had cost him his life.

The first installment of strike breakers to take the place of striking machinists in the Southern railway shops at Manchester arrived there yesterday morning from Spencer, N. C. These men were originally sent from Northern cities to Spencer, and from the latter place sent to Richmond-Manchester. They are all that are expected for the present. More are expected some time later, but when these will arrive is not known by any of the Southern officials here.

The Illinois Memorial Temple, a splendid marble structure that cost $200,000 and was erected as a tribute of Illinois to its soldiers who fought in the siege of Vicksburg, Miss., was dedicated at the Vicksburg National Military Park yesterday with elaborate ceremonies in which the first regiment National Guard of Illinois, and the militia of Mississippi, headed by Governor Charles S. Deneen, of Illinois, and Governor Vardeman, of Mississippi, took part.

Judge A. J. Tyler, at Bristol, Tenn., yesterday decided that the old veterans at the Federal soldiers home at Johnson City, Tenn., who have registered, have a right to vote at the coming election. An effort will be made to get the case before the Tennessee Supreme Court before election day. The bill asking that the soldiers be enjoined from voting by opponents of Congressman Brownlow, of the first district, alleged that the old soldiers are residing in Tennessee.

Common Pleas Court at Philadelphia yesterday discharged George H. Earle, Jr., as receiver of the Real Estate Trust Company of Philadelphia, which failed on August 28th, because of the financial irregularities of President Frank K. Hipple, who committed suicide. The Trust Company under a reorganization plan perfected by Mr. Earle, will re-open November 1. The plan provides that the creditors be paid one-third of their claims in cash and the remainder in preferred stock of the Trust Company.

JOE GANS AND HERMAN TO FIGHT

Signed Up at Chicago Yesterday—Battling Nelson's Challenge.

(By Wire to the Morning Star.)

Chicago, Octa. 26.—Articles of agreement for a finish fight between Joe Gans and Kid Herman, of Chicago, were signed here to-day. The terms are 133 pounds, two hours before the fight, the winner to receive 65 per cent. and the loser 35 per cent. of the purse.

Nolan, the manager of Battling Nelson met Gans a short time before the beginning of the agreement between Gans and Herman and opened negotiations for a fight between Gans and Nelson.

Gans insisted on 133 at 3 o'clock and Nolan declared that the the same weights must govern as at the last fight in Goldfields. Gans turned his back on Nolan and commenced to talk with Herman's manager who was standing close by.

Both Gans and Herman say they favor Siler for referee.

TWO BANKS WERE DYNAMITED.

One in Missouri Looted of $6,700—Illinois Bank Robbed.

(By Wire to the Morning Star.)

Odin, Ills., Oct. 26.—The Bank of Odin was dynamited and looted by a gang of safe robbers early to-day. The report of the explosion attracted a crowd of citizens to the scene and a running-fight ensued in which more than thirty shots were fired. The bandits escaped with all their booty, the amount of which is not known.

Jefferson City, Mo., Oct. 26.—Information was received here to-day that the Bank of James, in Monteau county, 15 miles from here, was entered last night by robbers who blew open the safe and secured $6,700. They escaped.

NEW VARIETY OF FINE COTTON

"Florodora" is Becoming More Generally Into Use—Better the Upland Not So Good as Sea Island.

(Savannah News.)

Mr. J. S. Wood, of J. S. Wood & Bro., is in receipt of a letter from a New York cotton dealer in which the latter says a good word for the market letter issued by the Savannah firm, but declares that the use of the word "florodora" in speaking of cotton is beyond the grasp of the writer.

The name "florodora" so far as is known locally, has been in use in the South Atlantic States for only a few years, and is used in referring to a grade of cotton somewhat superior to the upland cotton but not so desirable as the sea island cotton. Its value is about midway between the two. Florodora cotton is inferior to sea island in firmness, length and strength, but is always white. It is inferior to the Egyptian cotton because not so uniform in length of staple and shows greater waste in the spinning.

Florodora cotton can be grown wherever upland is grown, and is in fact obtained by selection from uplands, though deteriorating quickly when grown near uplands It is gradually being used for purposes for which the long staple of Mississippi is sought, especially for the finer counts of yarns. Several thousand bales of florodora cotton have been sold here this season.

Just why the name "florodora" has been selected is not quite clear to local cotton men. Flora was the goddess of flowers and spring, but the name was probably derived from some more modern use of the term or word.

The Murchison National Bank, of Wilmington, having increased its capital stock from $300,000 to a half million dollars, the Commercial National Bank of Charlotte is to jump its stock from $200,000 to $500,000. We don't mean to say that one bank's increase is the consequence of the other's decision to expand, but we do say that it is robust significance that there is something doing in Wilmington and Charlotte.

FEATHER - WEIGHT ARCH SUPPORTERS
Made of German Silver.

This arch supporter is the best remedy for "flat foot" or weak instep, an ailment that is quite prevalent to-day. On account of the peculiar pains from this affliction the people suffering from flat foot or weak instep often get a wrong diagnosis and in many cases the trouble is mistaken for rheumatism.

These supporters are especially helpful to those who are on their feet a great deal. They rest the feet and make walking a pleasure.

$20,000 TO PROVE ROYAL LINEAGE

Mrs. George Gould Turns Loose That Much Cash to Have It to Say That Her Son is Princely.

New York, Oct. 24.—For the sake of her son, Kingdon Gould, Mrs. George Gould of New York, wife of the railroad magnate, has employed genealogists to compile a family history of the Kingdons, with the result that the young heir to the Gould millions can now claim relationship to English rulers and show a clear ancestry back to the twelfth century.

It cost Mrs. Gould, who was Edith Kingdon, the actress, about $20,000 to show that the blood of the best families of England flows in her veins. The history is beautifully prepared in hand-finished paper made by an English family now settled in a Massachusetts town, in full crushed Levant and decorated with a coat of arms in colors which is guaranteed to put to blush the arms of any other American family.

Every entry in the Gould record is backed by letters from the English College of Arms or from churches and old records and the entire story reads like a romance.

The recarls show that the Kingdons have the right to quarter their arms with those of the Hockins of England, as a Miss Hockins known in heraldry as an "heiress" married a Kingdon. By an heiress, it is explained by the compilers of the book, is meant a maiden who is the last of her race, and in this connection it is stated that Mrs. Gould is an heiress, being the last of direct descent of the Kingdons.

"In this way," explain the compilers, "the children of Mr. and Mrs. Gould are not only entitled to the arms of the Kingdon and Hockins families, but they can quarter the arms of the Gould family, should such arms exist."

Back in the thirteenth and fourteenth centuries, according to the genealogists, the Kingdons spelled the name Kygndon, and their arms, showing three black magpies on a silver shield between black chevrons, are older than the English college of arms. The Kingdon arms, according to the book, quarter the magpies with a British lion rampant upon a background of red and blue, with a jagged line representing the sea coast. The lion is standing upon a musket and about the background is scattered the fleur-de-lys of France.

This coat of arms was secured from the English college in the twelfth century by an exploit of one of Mrs. Gould's ancestors, Thomas Hockin. According to records given by Charles Townley Clarenceux, "King at Arms," the Hockins in question repelled the attack of an entire French fleet upon the coast of England.

Awakened one night by an alarm that the French were coming, Hockins hurried to the coast armed with the first type of blunderbuss used in England. The night was stormy and Hockins made such valiant use of his blunderbuss and kept it flashing from so many points that the French came to the conclusion that the coast was defended by an army and withdrew their fleet. Hockins modestly applied for a coat of arms and was granted one, typifying British valor scattering the French off the sea coast.

The compilers of the crushed levant $20,000 edition, for private circulation only, carrying the Kingdon arms still further back into history.

There is absolutely no record in England, according to the compilers of the history, as to when a Kingdon family did not exist, and the early Kingdons were relatives of and advisers to rulers. The family tree after, including the living Goulds, starts with Charles Kingdon, Mrs. Gould's father, who is said to have been the first of the family in America.

Danger from the Plague.

There's growing danger from the plague of Coughs and Colds that are so prevalent, unless you take Dr. King's New Discovery for Consumption, Coughs and Colds. MODEL FARMING IN OUR STATE

Mr. A. G. Click, of Elkin, N. C. Produced Crops Worth $246.75 on Three Acres of Ordinary Land.

(Elkin (N. C.) Times.)

We give below the result of Mr. A. G. Click's farming on a few acres of land in West Elkin. We publish it because we believe it will be both intresting and helpful to many of our readers. Mr. Click is not only a successful business man but a most excellent farmer. He farms in such a way as to make farming both pleasant and profitable.

Last Fall he sowed three acres of land in wheat. He used 200 lbs. of 8-4 fertilizer and 200 lbs. of lime per acre. The fertilizer cost $1.65 and the lime $1.40 per bag of 200 pounds, making a total cost per acre of $3.05 or $9.15 for the three acres.

He cut and threshed from this land 96 3-4 bushels of wheat. Good wheat has been selling readily at $1.00 per bushel. His wheat then was worth $96.75. The straw he says is worth $15.00. He followed the wheat with corn which he planted the latter part of June. The corn has not been gathered yet, but is fine and Mr. Click says he feels sure he will get 40 bushels on the three acres. This corn at 62 1-2 cents per bushel is worth $75. The fodder he says is worth $15. When e l ved his corn last he sowed peas and has a fine crop which he says is worth $15 per acre; making the pea crop worth $45. Collecting together the value of all his crops and we have $246.75 as the result of his farming on three acres of land. When we have deducted from this the cost of fertilizer used on his wheat last Fall we have left $237.60. Dividing this amount by 3 and we have $79.20 as the net proceeds per acre.

We have not figured all the items of expense—such as the value of seed corn, wheat, peas, nor of labor, but only the cash outlay for fertilizer as each farmer is supposed to know about what these items of expense would amount to. We wish to state, however, in this connection that he has not used any fertilizer since he sowed his wheat last Fall. This is an object lesson in farming that will pay all of our farmers to study.

THE COTTON MARKET.

New York, October 26.—The cotton market had another very sharp break during today's trading and closed barely steady at a net decline of 28 to 43 points. Sales were estimated at 400,000. The market opened steady at and advance of one point to a decline of 3 points, in response to rather better cables than expected and held steady during the early session in spite of steady pressure from some bearish interpretation of yesterday's census report, reports of easier spot markets, good weather in the South, and fears of increasing receipts from the eastern belt. After selling about 2 to 3 points net higher during the middle session the market broke very sharply during the middle of the afternoon. Traders evidently feared the effect on Liverpool of rumors that a leading English crop expert would issue a very bearish estimated there tomorrow. The break carried December off to 10.22 and January to 10.31 or about $5.00 a bale down from the recent high level. The close was at practically at the lowest of the day.

Receipts of cotton at the ports today 66,000 bales against 54,503 last week and 57,543 last year. For the week 460,000 bales against 372,277 last week and 293,863 last year. Today's receipts at New Orleans 8,806 bales aginst 4,512 last year, and at Houston 13,464 bales against 15,808 last year.

Spot cotton quiet, 30 points decline; middling uplands 10.65; middling gulf 10.90; sales 500 bales.

ROCK CLIFF LITHIA SPRINGS WATER.
READ WHAT ONE OF THE MOST NOTED CITIZENS OF SOUTH CAROLINA HAS TO SAY OF THE FAMOUS ROCK CLIFF SPRINGS WATER.

Spartanburg, S. C., July 24.
To Rock Cliff Lithia Springs Co.:

Gentlemen:—This will certify that I was severely afflicted with a serious case of erysipelas, that confined me to my bed for about six months or more, with daily attendance of my physician, and which eventually settled in my left leg and became so severe that a consultation of three physicians was held and the decision reached that the lower part of my leg would have to be amputated to prevent the disease extending to the upper part of my leg and body. I declined the operation and was advised to try Rock Cliff Lithia Springs Water. I engaged board near the spring and was advised to bathe my leg in the water, at the same time drinking freely.

This application soon soothed the pain, and for the first time in months previous I slept for about two hours. After a week's treatment, without any medicine or physician's help, I walked to the spring on crutches. I continued the treatment daily, and within two weeks was able to walk to the spring without crutches and in four weeks was able to walk home, a distance of 1½ miles, and resume my official business.

I was permanently cured by the use of the water, and take great pleasure in giving you this testimonial to the efficiency of the Rock Cliff Springs Water in the treatment of erysipelas.

WARM CAMPAIGN IN NEW YORK

Court Knocks Out Hearst's Independence League Nominees in Municipal Districts.

TIME SHORT FOR APPEAL

Hearst Made Two Speeches Up-State and Was Greeted By Big Crowds—Promised Whip Corruption Out of Existence.

By Wire to The Morning Star.

New York, Oct. 26.—While the gubernatorial candidates of the Republican and Independence League and Democratic parties were campaigning up-State today, there was no dearth of political interest in this city where a court decision practically wiped out the local Congressional, senatorial and assembly ticket of the Independence League.

Reversing the ruling of the board of elections, the appellate division of the Supreme Court declared many nominating petitions filed by the League to have been improperly made in that they were intended to nominate candidates who were to run in overlapping or extended districts.

The exceptions to this ruling were mostly nominees against whom no protests had been made, and whose cases consequently did not come before the court. Many Democratic candidates were among those removed, all of whom sought places under the League's emblem of the balanced scales. The League's judiciary ticket alone remains intact. The League will carry the matter to the Court of Appeals if that body can be convened in special session.

While today's decision directly effects the local ticket only, some concern was expressed tonight regarding its possible effect up-State in places where the same practice in the matter of nominating petitions may have been followed.

Max F. Ihmsen, manager of the campaign of William R. Hearst for the Independence League, today made a statement in which he charged that Postmaster General Cortelyou had come to New York to show Chairman Woodruff of the State Republican committee how to raise an enormous corruption fund. Mr. Woodruff promptly issued a denial of the accusation.

Charles E. Hughes, Republican nominee for Governor, addressed large audiences at Bath and Corning today. William R. Hearst, the Independence League and Democratic candidate, to Albany, speaking in that city tonight. This afternoon he spoke at Troy and Cohoes. Big crowds greeted him.

Big Crowds Greet Hearst.

Albany, N. Y., Oct. 26.—Mr. Hearst's speeches at Albany, Troy, and Cohoes tonight, were substantially alike and for the most part were new. Speaking first of the large number of meetings he had addressed during the past four days in Greater New York, and the enthusiasm displayed at those meetings, he declared there had never been any like them in New York.

"I feel confident, said Mr. Hearst, "that two-thirds of the people of Greater New York are in favor of this movement to wrest the control of government from the trusts, and the great service corporations which now control it in their own interests, and restore it to the hands of the people to be conducted for the greatest good of the greatest number.

"The question merely is whether two-thirds of the people of New York will be able to accept anything against the great aggregations of capital which control not only the machinery of parties but the machinery of government in nearly every department. The men who have been put in office and who hold the power of office were put there by the trusts and stand ready to serve the trusts to the last desperate extremity.

"I warned the people last year that immense sums would be used to defeat them; that the great trusts and corporations would go any length to defeat them. They listened, but doubtless hardly believed that so serious a situation menaced them, yet the result established the truth of every warning I had given them.

"To-night I solemnly warn the people of this State that even more desperate measures will be taken by the corrupt corporations at this election. All that Belmont and Ryan and Morgan and Rockefeller and Rogers spent to buy or bribe, or steal the mayor's chair for their puppet, McClellan, will be lost if a Governor and Legislature are elected who will see to it that the votes that we have fought to preserve are honestly counted as cast.

"If the criminal trusts and corporations can control the machinery of both old parties and stifle any independent movement, what relief can you hope to secure?

"You may nominate candidates, but only such candidates as your corporation masters approve. You may cast your vote, but your vote will only be counted when your corporation masters approve. You are free born American citizens, but you only retain such rights and liberties as your corporation masters allow you. You conduct your own government but only in the way that your corporation masters desire.

In conclusion he said "Whatever I am elected or not, I am enlisted in this battle to the end, and I will fight in the lead or in the ranks as you desire. But if you see fit to select me and my associate and give us an honest Legislature, I pledge you that we will restrain corrupt corporations and whip them and their servants out of the temple of our government. And we will restore the government to the people and adopt laws that will perpetuate the people in power for generations to come."

STORM VICTIMS ADRIFT AT SEA

Standard Oil Steamer Rescues Six Imperiled Men Off Florida Coast.

ONE COMMITTED SUICIDE

After He Had Been Rescued He Suddenly Became Insane and Jumped Overboard From Steamer. Survivors at Norfolk.

By Wire to The Morning Star.

New York, Oct. 26.—A thrilling story of the rescue of half a dozen men in the recent storm off the Florida Keys and the subsequent suicide of an insane captain, was related by Captain Rudolph Rubelli, of the Standard Oil Company's steamer, Captain A. M. Lucas, which arrived here to-day after the most tempestuous voyage of her career. The rescued men were fishermen whose houseboat had been swept to sea by the gale.

The plight of the fishermen was called to the attention of a watchman on the Lucas during the height of the storm by a signal fire which they were burning on top of their houseboat. Before assistance could be sent to the men, the signal fire had spread to the houseboat and the men were in imminent danger of being burned to death. There was no time to lower a boat and so the steamer was run alongside the burning houseboat and the men were rescued. The news of the rescue was transmitted to Miami by wireless telegraph and the Lucas proceeded northward.

On October 2, the sea quieted and the trip was continued without incident until Tuesday. Then Albert Nelson, whose home is in Brooklyn, suddenly jumped up from the dinner table, screamed out: "I can stand this no longer," ran to the rail and jumped into the sea. His mind, it was said had become deranged. A boat searched the sea for some time for him, but no trace of Nelson was found.

Survivors at Norfolk.

Norfolk, Va., Oct. 26.—The five survivors from houseboat No. 4 on the construction work on the Florida East Coast Railway, landed here yesterday by the British steamship Heathpool, were to-day telegraphed funds from the office of the constructng engineer at Miami, Florida, and are preparing to leave by rail for Miami tonight.

Referring to an inquiry made here to-day concerning J. J. Tobin, of Savannah, Ga., supposed to have been lost in the hurricane off the Florida coast, where he was engaged in the railway construction work, Frank Revely, of the survivors landed here, said he knew Tobin well and that the Savannah man was on houseboat No. 4 when she was torn from her moorings in the storm and foundered.

Revely believed that Tobin had been lost, but said there might be hope for him and others, as it was possible some vessel could have picked up other survivors who had not yet been landed.

OLD SEA CAPTAIN ENDED LIFE.

Suldeny Jumped Overboard Yesterday from Steamer's Deck.

Providence, R. I., Oct. 25.—Lemuel A. Dodge, known the entire length of the Atlantic seaboard as "Captain Lem," committed suicide to-day by jumping from the deck of the bay steamer New Shoreham, of which he was formerly captain. The captain was coming to this city from his home on Block Island, and was accompanied by his wife and son. They were sitting in the saloon when without warning "Captain Lem" dashed through a door and leaped into the bay. When taken from the water he was dead. He had been a pilot since a young man.

COWBOYS LYNCHED NEGRO.

Had Been Run Out of New Mexico Into Texas.

Roswell, N. M., Oct. 26.—"Slab" Pitts, a negro, who was run out of town two weeks ago, after serving ninety days for violation of the Edmunds Act, was lynched by cowboys at Toyah, Texas, yesterday. The accessory, a white woman, followed the negro to Toyah, and they were living together. The cowboys went in the night and placed a rope around the neck of the negro. He was dragged to death and then hanged.

MALLORY LINE NOW IN COMBINE

Morse Secures Control of Another Company Running Steamships to Southern Ports.

ALSO ABSORBED CLYDE LINE

Mallory Interests Sold Out for $8,000,000 to $9,000,000—Morse Syndicate Now Owns New England and Southern Lines.

(By Wire to The Morning Star.)

New York, Oct. 26.—Control of the Mallory Steamship Line has been sold to Charles W. Morse. The deal involves between eight and nine millions of dollars. The new interests have acquired practically all the stocks of the company. A meeting to organize the new board will be held shortly. Henry and Robert Mallory, will continue with the company under the new management. The Mallory line runs between New York and Brunswick, Ga., Key West, and Tampa, Fla., and Galveston, Texas. Mr. Morse is already the controlling spirit in the Clyde Steamship Line which plies between New York and Southern points. Mr. Morse is also a dominant factor in several steamship lines running between New York and New England points. The Morse interests purpose to increase the efficiency of the Mallory line by additions to its complement of ships.

Henry Mallory, president of the New York and Texas Steamship Company, when asked about the transfer said:

"It is true that Mr. Morse has taken over the Mallory Line. The deal is practically completed with the exception of a few minor details. The board of directors will practically remain intact, and the Mallory interests will be retained. The fleet now comprises ten vessels, averaging twenty-five hundred tons, and several larger and finer vessels are ow being built."

It was reported in Wall street today that it was the intention of Mr. Morse to form one large holding company under which all his steamship lines would be operated, but Mr. Morse, when asked as to this report, stated that it was incorrect. He declared that it was his intention to run the Mallory line absolutely independent of his other properties. Mr. Morse said that his holdings in the Mallory line consist of 95 per cent. of the stock, the remainder being held by Mallory interests.

LABOR IS DISSATISFIED.

So Dun Reports, But Otherwise Business is Booming.

(By Wire to the Morning Star.)

New York, Oct. 26.—R. G. Dun's weekly Review of Trade to-morrow will say:

Traffic delays high money and some unrest in the ranks of labor have not checked commercial progress on the whole, although in special industries or localities the restraining influence of these adverse factors are felt. Some irregularities of temperature also provide the week's trade reports with less uniformly glowing descriptions of retail distribution. Wage earners are agitating for more pay or shorter hours in several industries especially in the railway service. Already manufacturers and dealers are making plans for the greatest business on record in jewelry and other holiday lines.

A further advance of about fifty cents per ton in the price of pig iron is the best evidence of continued prosperity in that industry.

Improvement in the primary markets for cotton goods has gone so far that conservative operators begin to express fear that a set back will be encountered through the curtailment of consumption. Yet, anxiety on this point seems premature in view of the statistical position. Prices are now at about the level of the Sully boom, but demand is much better. There is little complaint regarding worsted for Spring delivery, but otherwise the woolen industry is unsettled, awaiting a general movement by clothiers.

Manufacturers of footwear receive liberal orders from jobbers in all sections for Winter and early Spring delivery.

Extremely narrow variations occurred in prices of leading cereals, movement being restricted by inadequate transportating facilities.

Liabilities of commercial failures thus far reported for October amounted to $7,485,434, of which $3,842,257 were in manufacturing $2,279,75 in trading and $1,363,422 in other commercial lines.

Governor Glenn on request of the North Carolina Audubon Society, of Greensboro, issues commisions as game wardens to L. B. Wordhouse, W. B. Mercer, S. J. Owens and S. D. Griggs, of Currituck Court House; S. H. Cox, Greenville, J. A. Brown, Gatesville, and Frank Fleming, Oxford.

JAPAN NETTLED WITH UNCLE SAM

Exclusion of Jap Pupil from San Francisco School Gives Trouble.

AN INTERNATIONAL AFFAIR

Ill Treatment of Japs Threatens Open Rupture — President Roosevelt Sends Secretary Metcalf to 'Frisco to Investigate.

(By Wire to The Morning Star.)

Washington, Oct. 26.—President Roosevelt to-night directed Victor H. Metcalf, Secretary of the Department of Commerce and Labor to proceed to San Francisco and make a thorough and complete inquiry into the situation affecting the exclusion of Japanese children from the schools provided for white children and the determination to place the Japanese pupils in separate schools. The President is anxious to obtain at first hands from a cabinet officer who is acquainted with local conditions in San Francisco full information affecting every phase of the subject to the end that whatever action is taken by this government may be after an accurate understanding of the situation. The President feels that every effort within the power of the administration should be exerted to see that all the treaty rights claimed by the Japanese for its people residing in the United States should be respected and protected.

The determination to send Secretary Metcalf to San Francisco was one of the results of the requests made by Viscount Aoki, the Jananese Ambassador, who at a conference with Secretary Root yesterday asked in behalf of his government that the Japanese subjects in California be accorded their full rights under the treaty of 1894, including that of the children to attend the public schools of San Francisco. This request was the subject of very length and earnest discussion at the cabinet meeting today.

Mr. Metcalf will leave Washington to-morrow and will proceed to San Francisco with al possible dispatch. Every facility will be put at his command to make his investigation as thorough as possible under the circumstances, as the President is anxious to have the inquiry conducted with all possible expedition in order to have the results at hand without delay. It is hardly likey, however, that any report from Mr. Metcalf will be available before the President leaves on his Panama trip. It is hoped that the expressed desire of the administration to secure the treaty rights of the Japanese will tend to allay the anti-American feeling in Japan, unless the whole matter is diplomatically adjusted.

The inquiries to be instituted by Mr. Metcalf are supplemental to steps already initiated in San Francisco yesterday by direction of the Department of Justice to compel the authorities to receive Japanese pupils in the public school.

The Viscount also represented to Secretary Root that Japanese restaurant keepers in San Francisco have suffered indignities. At least seven or eight reports have been made concerning a boycott inaugurated against these restaurants and these reports state that agents have been posted to prevent patrons from entering the resturants and in several instances stones have been thrown and windows broken.

Administration officials do not hesitate to express privately thier views of the present anti-American feeling growing out of the wrongs which the Japanese declare they have suffered and one member of the cabinet said to-day, after the meeting that the general opinion of the cabinet was that the situation was exceedingly grave and would require the most delicate treatment to prevent an open rupture.

San Francisco, Oct. 26.—Judge Wolberton o fthe United States Circuit Court yesterday issued an order to the board of education of San Francisco citing that body to show cause why an injunction compelling the reinstatement of Yasuhara, a Japanese pupil recently excluded from the Pacific Heights Grammar school, should not be issued. The board is ordered to answer on November 5.

This order was issued following an application for an injunction presented to Judge Wolberton with the intention of making this a test case.

Tokio, Oct. 26.—The allegation that the retirement of Midshipman Asahi Kitigaki from the Naval Academy at Annapolis was at the request of the Japanese Embassy at Washington, is deemed here to be impossible, as the Japanese government has carefully avoided anything likely to provoke the United States. M. Kitigoki's parents are without word from him, but it is believed his retirement was entirely voluntary and in no way connected with the situation at San Francisco.
